BELLEVILLE, ON K8N 2Y8

FOR IMMEDIATE RELEASE

BELLEVILLE, ONTARIO, June 11, 2007..... Mayor Neil Ellis, Mayor of the City of Belleville is pleased to announce the addition of a new employer to the growing list of companies now calling the City of Belleville home. Streamline Foods has purchased a manufacturing facility at 315 University Avenue (formerly Unilever Best Foods Inc.) and will start production immediately. Streamline Foods, “The source for innovative supply chain solutions” manufactures high sugar content dry blends and packaged food products. When asked what brought Streamline Foods to Belleville, President and CEO Don Hill said “Belleville was the ideal location for us for several reasons, including the existence of a skilled workforce, the availability of a great building, and an ideal location from a logistics perspective. City Council and staff have been particularly supportive of our move to Belleville and we look forward to a long and successful business relationship with Belleville and its citizens.”

“On behalf of City Council, staff and members of the public, I would like to officially welcome Streamline Foods to Belleville. This investment adds to the strength of the regional economy and further diversifies the local employment base and we are very pleased many former Unilever employees will find work with Streamline Foods” said Mayor Neil Ellis.

Production at the new Streamline Foods facility is expected to get underway during the second week of June, 2007.
